Subject: Fish Tissue Collection 8/20/18- sheen near Gasco  
Attachments: [Image-9.png](#)

---

Hi Sean and Davis,

Interesting morning so far.

The Fish Tissue Collection team just began angling at SMB-41, which is just upstream of Gasco. There is obvious sheen on the water, regular bubbles coming up to the surface and we can smell heavy oil.

Photo attached.

Thank you,

Jennifer
